

Date: 8/3/06

Photographer: Patty

Direction: Southwest

Site name: A picture of Howard Luke's camp on the left and bluff number one on the right side.

Comment: I choose this picture because it has bluff number one and Howard Luke's camp that go with my theme in my map. Bluff number one is also Long Necked Willow. Long Neck Willow doesn't have a story to it but it does have a Athabascan name which is K'uth Tsoola.
